

# Making MAP Data Work FOR You

## Step Seven, Dynamic Reporting Suite (DRS)

1

- Log in to the NWEA Reports site (see the Reports Login page in this book) as in other reports.
- Click on the "Dynamic Reports" button...below the Online Reports buttons in the Teacher Reports column.

Dynamic Reports

2

- Dynamic Reporting Suite (DRS) is the exception to the normal MAP test results time of 24-48 hours.

- You will need to wait for a weekend for the MAP test results to populate DRS to make the reports ready for you.

Return to Reports Site

- REPORT LINKS PDF
- Teacher Class Overview Default
  - Teacher Class Overview
  - Goal by RIT Band
  - Grade by RIT Band
  - Lexile Report
  - Student Booklist
  - Student Goal Setting Worksheet
  - Student Projected Performance

- Like the "regular" NWEA reports page, DRS has a menu list down the left side of each page.
- DRS is actually a site "linked" to the NWEA Reports Site. When you finish your work with DRS, you must click on the green "Return to Reports Site" link on the top left.
- Clicking on any of the three buttons at the top left of the window allow you to PRINT, REFRESH the report or make a PDF of the report.
- The rest of the links in this menu are very powerful, and will give you access to some great data. More about those links in later pages.

3

	 Low Growth	 Typical Growth	 High Growth	
		 Partially Proficient	 Proficient	 Advanced
	 Low	 Mid-Low	 Mid-High	 High

- The color areas in the DRS graphs serve multiple purposes, depending on the graph in which they are used.
- The graph's colors indicate GROWTH on MAP tests and PROJECTED PROFICIENCY in the state tests (ITBS/ITED in Iowa).
- VERY IMPORTANT: Currently, the Projected Proficiency numbers in Iowa are estimates only. ITBS/ITED tests are administered at various times in the school year. NWEA is currently gathering data from Iowa schools who administer MAP tests to ensure that the Projected Proficiency data is as accurate as possible.
